

CS587 - ASSIGNMENT 2

Name : Dhayalini Nagaraj
CWID : A20359686

1. What is the earliest finish date for this project if it is scheduled to start on 2/29/16?
The earliest finish date for this project if it is scheduled to start on 2/29/16 is
2 Sep 2016 (134.43 days)

Start Date : 29-02-16 Finish Date : Fri 2-09-16

2. Is it feasible to complete this project (Assignment#2 project) 2 weeks after the completion date you identified for the project in Assignment#1? Explain.

As per the resource allocated for project Assignment 2, the earliest finish date is 2-09-2016 which is before the first project Assignment1.

The Assignment 2 project is completed 26 days before Assignment1 project.

Due to shared resource there are conflicts in resources. In such case, if the resource is allowed to work in project Assignment 1 and project Assignment 2 can be delayed until the required resource is available.

Then project Assignment 2 can be completed two weeks after the project "Assignment 1".

It is feasible to complete this project two weeks after the completion date of Assignment1 if the Assignment 2 is delayed until all the resources are available.
